Into the Wild Jon Krakauer, 2009-09-22 NATIONAL BESTSELLER In April 1992 a young man from a well to do family hitchhiked to Alaska and walked alone into the wilderness north of Mt McKinley Four months later his decomposed body was found by a moose hunter This is the unforgettable story of how Christopher Johnson McCandless came to die It may be nonfiction but *Into the Wild* is a mystery of the highest order Entertainment Weekly McCandless had given 25 000 in savings to charity abandoned his car and

most of his possessions burned all the cash in his wallet and invented a new life for himself Not long after he was dead Into the Wild is the mesmerizing heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world s attention Immediately after graduating from college in 1991 McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir In the Mojave Desert he abandoned his car stripped it of its license plates and burned all of his cash He would give himself a new name Alexander Supertramp and unencumbered by money and belongings he would be free to wallow in the raw unfiltered experiences that nature presented Craving a blank spot on the map McCandless simply threw the maps away Leaving behind his desperate parents and sister he vanished into the wild Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless s short life Admitting an interest that borders on obsession he searches for the clues to the drives and desires that propelled McCandless When McCandless s innocent mistakes turn out to be irreversible and fatal he becomes the stuff of tabloid headlines and is dismissed for his naivet pretensions and hubris He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge Krakauer brings McCandless s uncompromising pilgrimage out of the shadows and the peril adversity and renunciation sought by this enigmatic young man are illuminated with a rare understanding and not an ounce of sentimentality Into the Wild is a tour de force The power and luminosity of Jon Krakauer s stoytelling blaze through every page

Historical Dictionary of the Republic of Cameroon Mark Dike DeLancey,Rebecca Neh Mbuh,Mark W. Delancey,2010-05-03 Cameroon is a country endowed with a variety of climates and agricultural environments numerous minerals substantial forests and a dynamic population It is a country that should be a leader of Africa Instead we find a country almost paralyzed by corruption and poor management a country with a low life expectancy and serious health problems and a country from which the most talented and highly educated members of the population are emigrating in large numbers Although Cameroon has made economic

progress since independence it has not been able to change the dependent nature of its economy The economic situation combined with the dismal record of its political history indicate that prospects for political stability justice and prosperity are dimmer than they have been for most of the country s independent existence The fourth edition of the Historical Dictionary of the Republic of Cameroon has been updated to reflect advances in the study of Cameroon s history as well as to provide coverage of the years since the last edition It relates the turbulent history of Cameroon through a chronology an introductory essay a bibliography and over 600 cross referenced dictionary entries on significant persons events places organizations and other aspects of Cameroon history from the earliest times to the present
